

DIABETES MANAGEMENT PROGRAMME

2025

This programme is based on the principles of patient-centred care and embraces a personalised approach. It takes all your other medical needs into account, including any other chronic conditions you may have. In addition, we continue to work with your doctor who looks after your chronic conditions in order to provide co-ordinated quality care.

WHAT DOES THE PROGRAMME OFFER?

Continued access to your treating doctor, your authorised chronic medicine and all required blood and laboratory tests

Access to a care coordinator who will provide you with guidance and support on managing all your chronic diseases as well as diabetes

Material to educate you on diabetes and empower you to manage it

Online tools available on the Member App where you can complete a wellness questionnaire and get access to a range of our Care Programmes, including the Diabetes Management Programme

Access to our extensive family practitioner, specialist and nursing network

HOW DO I ACCESS THE DIABETES MEDICINE BENEFIT?

01

Register your diabetes as a chronic condition by calling 0860 002 108.

02

You will be automatically added to the diabetes programme.

03

Nominate the doctor you want to help you manage your diabetes by calling 0860 106 155. By nominating a doctor we will be able to better support your treatment and share important information with this doctor.

DIABETES MANAGEMENT PROGRAMME

2025

WHO CAN JOIN THE PROGRAMME?

All Bonitas members with diabetes will have automatic access to the programme and its benefits once they have registered their chronic condition for disease specific benefits.
(Excluding BonCap, BonStart and BonStart Plus)

WILL THIS AFFECT THE BENEFITS I CURRENTLY HAVE AVAILABLE FOR MY DIABETES MANAGEMENT?

You can continue to see your treating doctor and will have access to cover for family practitioner consultations, blood and other laboratory tests, dietician and podiatrist services, an ophthalmologist consultation and a visit with a nurse educator. You will receive more detailed communication based on your specific Care Plan.
